

Sick and Hospitalized Pets

We know your pet will feel more at ease with you at home, but sometimes sick patients need services that can only be performed in the hospital. We strive to keep the length of hospital stays as brief as possible.

While in the hospital, your pet will rest comfortably in our treatment area. A staff of trained licensed technicians will monitor the condition of each patient and provide attentive medical treatment with tender loving care. **Our doctor will consult with you to keep you informed of your pet's progress and to discuss treatment options.** We are always available to address any questions or concerns.

Website Pet Resource

It is important to fully understand the nature of your pet's health. Our website (www.BrickellBayAnimalHospital.com) is designed as a resource to help you make better decisions about your pet's health and well-being. Please also follow us on Facebook

Pet Care Wellness Plans

Our Wellness Care Plans are NOT insurance ... THEY ARE BETTER – a new and affordable way to care for your pet. These plans provide disease prevention and early diagnosis. **Each plan is unique and affordable.** The cost of preventive care is conveniently spread over **12 months.** Your Wellness Care Plan is a **special relationship** between you and your veterinarian to help take the financial worry out of caring for your pet. **ASK US!**

Emergency Services

Emergencies, accidents, and illnesses are unfortunate facts of life, but how many of us plan for the unthinkable before it happens? We understand how upsetting it is when your pet is sick or injured. Rest assured, if you ever have an emergency with your pet, there is quality veterinary help nearby. After hours visit Miami Veterinary Specialists. They can be reached at 305-665-2820.

Ask Us – We Love to Communicate!

WE CARE! We understand the limits of a family budget. **PLEASE DO NOT** put off your pet's veterinary care as this frequently leads to more serious and expensive health care problems. We want to work with you to take care of your pet's **IMPORTANT REGULAR EXAMS** and most pressing pet health needs. Ask us and consider one of our **wellness care** monthly payment programs as an affordable pet health care option.

Payment and Fees – We make every effort to ensure that all fees are fair and reasonable. You are encouraged to discuss charges before services are rendered. We accept a variety of payments choices. Please ask us for details. It is the policy of this hospital that payment for professional services be made at the time they are performed.

Treatment Plans – We are happy to provide you with a written treatment plan. Please realize that it is sometimes difficult to anticipate an individual pet's treatment needs.

Pet Health Insurance – Insurance can pay a large part of your veterinary bills when your pet gets sick or injured. Several plans are available – to learn more about which company and plan is best for you please call us.

Our Practice Philosophy

At **Brickell Bay Animal Hospital** we are committed to providing comprehensive, quality care for patients to enhance their well being and quality of life. We achieve this by having a compassionate, knowledgeable and professional staff, utilizing the latest technological advances and implementing the foremost medical practices. It is our goal to educate and involve clients in a lifetime health care plan for their special companions.

Your Pet's Caregivers

We work hard to maintain an excellent staff of doctors, receptionists, veterinary technicians, technician assistants and pet care team members. Our staff is a GREAT team, with the right mix of skills and backgrounds, and has been carefully chosen to provide the best care for your pet.

Individualized Health Plans

Along with a Comprehensive Physical Examination, your veterinarian will evaluate your pet's age, breed and lifestyle to determine the risk of potential disease. After discussing your pet's needs, we will design a preventive health care and vaccination plan that is best for your pet. The frequency of boosters and non-core vaccines such as Bordetella, Influenza, Lyme and Leptospirosis for dogs, and Feline Leukemia for cats, will be determined for each pet.

We've Got "Cat-itude"

We understand the stress a hospital visit can be for both you and your furry friend. We strive to maintain a relaxed, feline friendly, quiet atmosphere with a loving and caring staff.

Our Modern Hospital

Our modern hospital includes a comfortable reception area, complete surgical and dental facilities, anesthesia monitoring, digital radiology, pharmacy, diagnostic laboratory, treatment room, surgical ward, isolation ward, grooming and boarding.

Our Professional Services Include:

- Preventative Care
- Core/Non-Core Vaccines
- Internal Medicine
- Nutritional Counseling
- Pain Management
- Advanced Dental Care
- Stocked Pharmacy
- Senior Wellness
- Ultrasound
- Surgery
- Digital Radiology
- Pet I.D. Microchipping
- Boarding/Day Spa
- International Travel

We Love Our Senior Pets

Dogs and cats over the age of 7 are seniors and need special attention. They are at risk for the development of cancer, diabetes and other serious medical conditions. Often these conditions come on gradually, and owners cannot detect the ongoing discomfort they may cause. To keep your pet feeling his best and with you as long as possible, we recommend twice yearly check ups along with diagnostic testing to screen for common geriatric disorders.

Progressive Dental Care

The number one health problem diagnosed in cats and dogs over 4 years of age is periodontal disease. Dental disease puts stress on your pet's immune system and may lead to serious liver, kidney and heart disease. We provide an extensive dental care program, including both anesthetic and non-anesthetic dental cleaning. Ultrasonic scaling is performed above and below the gum line, followed by a thorough polishing. **Optimum dental care truly is a fountain of youth for your pet.**

State-of-the-Art Loving Pet Care

Advanced Parasite and Zoonotic Control –

Parasitic Zoonoses are diseases of animals that can be transmitted to people. We offer advanced parasite control to help keep your pet and your family safe.

Surgery – We provide all types of soft tissue and most orthopedic surgical services. If your pet requires surgery, our doctors will make sure that you understand all aspects of the surgery and all options available. We take great care to make sure that your beloved pet is treated as if it were our own.

Pain Management – We take pain relief very seriously. Pain management is critical to your pet's recovery, so we take a proactive approach to ensure that your pet is as comfortable as possible using the most effective medications available.

Ultrasound – Our ultrasound allows high quality, non-invasive imaging of the abdomen and chest. Many diseases can be accurately diagnosed with ultrasound: pancreatitis, heart disease, liver disease and bladder stones to name a few. Your image will be reviewed by a board certified radiologist to ensure you get the very best care. This procedure usually takes 30-45 minutes.

Digital Radiology – Our Digital X-ray machine system produces the highest quality radiographs, allowing our doctors to see fine detail and subtle changes. The time that a pet spends on the x-ray table for pictures is greatly reduced. This means less stress for the patient.

Domestic and International Travel – We are accredited to perform health exams and sign health certificates for you as you travel within and out of the United States.

Luxury Boarding and Day Spa

Brickell Bay is the perfect place to board your special friend. Feel like something extraordinary? Then try our new Executive Suites. Two 25 square foot penthouse style suites await. Try our cuisine or bring your own from home. Let our elite trained staff take care of your every need. Everyday enjoy walks by the water, have fun in the sun, and see Brickell life in full swing. And remember to be sure to take advantage of a spa bath day while you stay.
